

Paragraphs or schedules as matters of legislative detail, if such change is demanded by the interests of the nation as a whole.

One point we must steadily keep in mind. The question of tariff revision, speaking broadly, stands wholly apart from the question of dealing with the tariff. No change in tariff duties can have any substantial effect in solving the so-called trust problem. Certain great trusts or great corporations are wholly unaffected by the tariff. Practically all the others that are of any importance have, as a matter of fact, numbers of smaller American competitors, and of course, a change in the tariff which would work injury to the large corporation would not merely injure but destroy to its smaller competitors; and equally, of course, such a change would mean disaster to all the wage-workers connected with either the large or the small corporations.

To sum up, then, we must, as a people, approach a matter of such prime economic importance as the tariff from the standpoint of our business needs, to fail to recognize the fact that as the needs of the country change it may be necessary to meet those new needs by changing certain features of our tariff laws. Still less can we afford to fail to recognize the further fact that these changes must not be made until the need or them outweighs the disadvantages which may result; and while it becomes necessary to make them they should be made with full recognition of the need of stability in our economic system and of keeping unchanged the principle of a policy which has now become a settled policy in our national life. We have prospered marvelously at home. As a nation we stand in the very forefront in the giant international industrial competition of the day. We cannot afford any break of policy to risk the position which we have thus triumphantly attained.

WITH A HEAVY STICK

State Senator Peake Assailed Two Men in Chattanooga.

(By Associated Press.)

CHATTANOOGA, TENN., April 4.—State Senator Walter J. Peake to-day assaulted John H. Cantrell and W. S. Dowling, prominent citizens of Market Street, the principal thoroughfare. He carried a heavy stick, with which he struck Mr. Dowling upon the face, seriously injuring his eye and it is believed he became enraged under his hands. This assault occurred at a drug store where many ladies were seated and caused great excitement.

Cantrell was assaulted while he was walking up the street. Peake struck him several blows in the face. The trouble is the outcome of articles published over the signatures of Cantrell and Dowling, attacking Peake for his position on the waterworks question.

The Ozarkia Launched.

(By Associated Press.)

NEW YORK, April 4.—Charles Bryan's steam yacht Ozarkia was successfully launched to-day from the Crescent Shipyard, Elizabethport, N. J. The Ozarkia, designed personally by Lewis Nixon and under his supervision, is said to be the strongest yacht ever built in this country and probably in the world, and will always be known as the first vessel of the auxiliary yacht navy. A class built under the exacting specifications of the United States government, and which the Navy Department may convert into warships within a few days.

The new yacht is a large double bottom, with a capacity of thirty tons of water ballast, and is structurally as strong as a 1,000 ton cruiser, though she measures only a little over 200 tons. It is expected she will probably reach nineteen knots or over.

Sponsor For Sons of Veterans.

(By Associated Press.)

WACO, TEXAS, April 4.—Miss Leona Randall, of this city, has been elected sponsor of the sons of Confederate Veterans at the New Orleans reunion by Commander-in-Chief Thomas P. Stone. Miss Randall is the daughter of G. W. Randall, who served as a member of "Jefferson's Texas Rangers" during the Civil War.

ENTERTAINMENT IN WASHINGTON

Progressive Euchre Party for Benefit of the Confederate Bazaar.

(Special to The Times-Dispatch.)

WASHINGTON, D. C., April 4.—A progressive euchre party given by Lee Camp of Confederate Veterans, of this city, to-night was a most brilliant social affair, and netted quite a handsome sum for the table of the Solid South room of the Confederate Museum at the approaching bazaar in Richmond.

The camp gave the party in response to the request of Miss Nannie Randolph, of this city, regent of the Solid South room, and daughter of the late General Harry Heth.

Miss Heth said to-night that very general interest was being manifested in the excursion from this city to Richmond on April 18th, Washington day at the bazaar, and she believed a very large crowd would go down.

Scrofula

It is scrofula inherited.

Few are entirely free from it.

Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it.

Common indications are buncles in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"My daughter had scrofula, with eleven sores on her neck and about her ears. Hood's Sarsaparilla was highly recommended and she took it and was cured. She is now in good health." Mrs. J. H. Jones, Parker City, Ind.

Hood's Sarsaparilla promises to cure and keep the promise.

MEN'S & BOYS' OUTFITTERS

UNION TO FIGHT FOR NEW RIVER

Executive Board to Meet to Discuss the West Virginia Situation in Detail.

(By Associated Press.)

INDIANAPOLIS, IND., April 4.—A call has been issued for a meeting of the National Executive Board of the mine workers at the headquarters in this city to-day Monday. There are twenty-three members, and they will probably be in session ten days. President Mitchell and Secretary Wilson are getting their things ready.

It is announced that the principal object of the meeting is to make arrangements to organize West Virginia.

Secretary Wilson says the miners are in better position than ever before to wage a successful campaign in West Virginia.

"We have already succeeded," he said, "in getting a good footing there, as we have organized the Kanawha District, but we still have a strike in the New River field, and there is a part of the State we have not organized."

The fact that West Virginia was not well organized has been used against the miners in their national conventions, and has kept them from getting as advantageous a settlement as they might have obtained under different conditions.

AN AMENDED CHARTER FOR THE BEEF TRUST

(By Associated Press.)

TRENTON, N. J., April 4.—An amended charter of the United States Packing Company was filed with the Secretary of State here to-day. The new charter provides that the Board of Directors of the company may increase the capital stock of the company from \$1,000,000 to \$2,000,000. It also provides that the preferred stockholders shall receive six per cent. before any dividends are declared on the common stock. The amended charter is signed by Horace S. Gould, Frederick K. Seaward, John W. DeKay and Samuel W. Bower, of New York, who represent a majority of the stockholders.

SNOW AND HIGH WIND IN NEW YORK CITY

(By Associated Press.)

NEW YORK, April 4.—A heavy rain-storm, which began last night and continued during the forenoon, turned to snow shortly before noon to-day. The temperature fell and the snowfall was accompanied by a strong wind.

Cold weather with snow prevailed generally throughout this State to-day.

THOUGHT TO HAVE GONE DOWN AT SEA

Fears Are Entertained for Steamer Bambara, Which Carried Cargo Powder.

(By Associated Press.)

LONDON, April 4.—It is believed that the steamer Bambara, on her first trip from Marseilles to Dakar, French West Indies, with a cargo of 95,000 pounds of gunpowder and two cases of dynamite, has been blown up at sea and has foundered. Lloyd's says there is reason to fear that this has occurred, although no confirmation is at hand.

The Bambara has not been reported from Gibraltar, although she should have been sighted there March 31st. The captain of the French schooner Assumption, of Marseilles, reports that on March 28th, when sixty miles off the coast of Palermo, he saw a brilliant flash of light, which was followed by a loud explosion. The captain of the Nina makes a similar report.

The crew of the Bambara numbered thirty-five men and she carried six passengers.

NEGRO CRUM IS ASKED TO RESIGN

Friends of the President Ask Him to Relieve Him of Embarrassment.

(Special to The Times-Dispatch.)

CHARLESTON, S. C., April 4.—Collector Crum has been asked to resign, not abruptly by the President, but in a persuasive manner by a close friend of the President. He assured Crum that a favorable consideration of his suggestion would be giving to a great many persons, very close to the President and that Crum would undoubtedly be the gainer.

The President's friend, who had recently been in Washington, told Crum that Mr. Roosevelt had no intention of deserting him, but he would be relieved from a trying position if the Charleston collectorship was made vacant.

HOME TEAM THE WINNER

Fredericksburg Boys Were Defeated Yesterday.

CLEAN, SNAPPY CONTEST

Excitement High During the Battle Between the Two Colleges, and Richmonders Won by Their Fine Work.

The game of base-ball at Broad-Street Park yesterday between Richmond College and Fredericksburg College resulted in a victory for the home team.

The game was very interesting from start to finish, with the Richmond College "Spiders" always in the lead. The visitors played clean, snappy ball, but they were outclassed by the home team. George and Smith played the star game for the visitors, while Staples and Woodfin did the most effective work for the home "Spiders," yet the victory of the latter is due to their excellent team work. Notwithstanding the cold, windy afternoon, a large crowd of supporters of both teams witnessed the game to the end. Excitement often ran high, especially when the visitors had all bases full yet were unable to reach the rubber. Woodfin showed exceptional coolness at each exciting stage and controlled the curves well.

The score is as follows:

Players.	A.	B.	R.	H.	P.	O.	A.	E.
Staples, s. b.	1	1	2	2	0	0	0	0
Woodfin, 2 b.	1	1	2	2	0	0	0	0

Score by innings: 0 0 0 0 0 1 1 0 9.

Fredericksburg, 2 0 0 0 1 0 0 5 7 11.

Two base hits—Staples, Rosboro, Gill. Three-base hit—Woodfin. Left on base—Richmond, 7; Fredericksburg, 5.

Wild throws—Woodfin, George. Sacrifice hits—Staples, Spear, Rosboro, Gill. Time, 1:40. Umpire, Stanley Higbee.

VIRGINIA WINS

A Close Game With Gettysburg Played in a Biting Wind.

(Special to The Times-Dispatch.)

CHARLOTTESVILLE, VA., April 4.—Gettysburg put up a sharp fielding game to-day, and Fred's wild throw in the first inning would have defeated Virginia. Both twirlers did good work, despite the biting wind, which blew a gale. The visitors made their only runs in the seventh on a hit by Floto and Binghamman. In the eighth Cole hit a long fly to right field, which Binghamman dropped. Naile then hit to the same territory. Cooke scoring the winning run. In their half of the eighth the visitors had an excellent chance to win out, but with runners on second and third, Prichard struck out two men. Tow of the five hits made during the contest were scorches. Virginia plays Syracuse on Monday. The score:

GETTYSBURG

Players.	A.	B.	R.	H.	P.	O.	A.	E.
